Welcome

Joys and concerns.

The Collect

Lord, as we gather today, may we be ever mindful of the needs of youth.
Always may we be vividly aware of our duties and commitments.
May your presence light our path as we fulfill the purposes of our society.
Be our constant companion and guide, give us strength of body, mind and purpose.
Do not, in our selfish ways, let us forget our work for others.
All these things we ask so that in the end we may be instruments that make our world a better world because we worked here.
Amen.
